

## If I'd Never Had You

If I'd never had you  
I would not have felt this feeling  
if I'd never had you  
I would not have heard larks laughing  
and not drunk from love's cup  
if I'd never had you  
I would not have touched  
the crest of the moon  
if I'd never had you  
I would not have  
walked through meadows  
of new hope and love  
I thank you for what I felt  
for one moment of time well spent  
I did have you

If I'd never had you  
I would not have found love's key  
if I'd never had you  
I would not have bathed  
in bliss and joy  
and then asked for more  
if I'd never had you  
I would not have caught a star in June  
if I'd never had you  
I would not have travelled on  
and been reborn and new  
I thank you for what I felt.  
for one moment of time well spent  
I did have you
